## ***Preproste besede namesto uvoda***

Dandanes mladi berejo malo, redki so tisti, ki med vrsticami najdejo estetski užitek, ker bi sami tako hoteli. Takšen je pač ta naš svet, je pa edini, ki ga imamo in poznamo. ***Tam si, kjer si.***

Na Gimnaziji Krško, ki deluje znotraj Šolskega centra Krško-Sevnica, smo se lotili branja na malo drugačen način. Združili smo ga s stripom, ki so ga dijakinje in dijaki na podlagi umetnostnega besedila morali sami ustvariti s pomočjo računalniškega programa.

Iz majhne medpredmetne povezave je nastala velika ideja, še bolj pa nas veseli, da so se dijaki pri delu zabavali in ugotovili, da branje bralcu, ki želi več, vendarle odstira nove svetove.

Pričujoča knjižica to dokazuje.
